2022 Annual Crime Awareness and Campus Security Report
Kansas Health Science Center (KHSC) - Kansas College of Osteopathic Medicine
(KansasCOM)

Introduction

About the Annual Security Report

This Annual Security Report (the “ASR”) is provided to meet the requirements of the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1988* (the “Clery Act”) and has been prepared by Kansas Health Science Center (KHSC) - Kansas College of Osteopathic Medicine’s (KansasCOM) Security Department. The Clery Act is a federal law which requires colleges and universities across the United States to disclose information about crime on or around their campuses. KHSC-KansasCOM first opened to students on July 25, 2022. KHSC-KansasCOM will begin collecting and reporting on statistical crime data during the 2023 Annual Security Report (ASR) cycle. This ASR includes descriptions of current institutional policies concerning campus safety such as policies on drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

About the Institution

KHSC-KansasCOM is a not-for-profit osteopathic medical school offering a Doctor of Osteopathic Medicine (DO) degree.¹ As of July 25, 2022, KansasCOM operates out of one campus at 217 E. Douglas, Wichita, KS. 67202, with many faculty and staff also working remotely. KansasCOM has had students on campus since July 25, 2022.

As of the time of this report, KHSC-KansasCOM has 48 faculty and 34 staff members, serving a student body of 90.

All information regarding campus safety and Title IX policies is publicly available on the KHSC-KansasCOM website: www.kansascom.org

¹ At the time of publication of this ASR, Kansas Health Science Center (KHSC) - Kansas College of Osteopathic Medicine (KansasCOM) has been granted pre-accreditation status from the American Osteopathic Association’s Commission on Osteopathic College Accreditation (COCA). COCA is the accrediting agency recognized by the United States Department of Education (USDE) for predoctoral education of osteopathic physicians in the United States. Pre-accreditation, as distinct from full accreditation, permits KHSC-KansasCOM to solicit applications and admit students, offer medical instruction within the approved osteopathic medical curriculum, and announce its Pre-Accreditation Status. KHSC-KansasCOM can be considered for full accreditation status following the graduation of its first class, which it anticipates will occur in May 2026. The attainment of full accreditation status is subject to review and approval by COCA.

The campus administration is dedicated to promoting campus safety and crime prevention is a high priority. Maintenance, building security, and KHSC-KansasCOM personnel regularly inspect campus facilities for potential safety and security hazards. Prompt response is made to repair identified hazards to further assist in providing a safe environment. Campus administrative and academic offices are generally locked after 5:00 p.m. and reopened at 7:00 a.m. Monday through Friday. However, the campus is available to students from 7:00am – 11:00pm Monday through Friday and 9:00am – 6:00pm Saturday and Sunday.

KHSC-KansasCOM campus is well lighted and monitored by the building facilities and the on-campus security department, and access is controlled by HID card readers on all doors, and cameras are stationed throughout campus property.

Clery Geography²

Access to KHSC-KansasCOM campus during hours of operation are permitted only with KHSC-KansasCOM's consent which may be withdrawn at any time for any reason. KHSC-KansasCOM gives implied permission to persons with genuine and legitimate purposes to enter and remain on its premises during hours of operation after checking in with reception and being escorted by an employee sponsor. That permission is, however, conditional upon the person behaving in a manner consistent with any policies or procedures KHSC-KansasCOM may have in place. KHSC-KansasCOM is within its rights to withdraw permission and request the person leaves its premises. In addition to faculty, staff, and student access to campus, KHSC-KansasCOM makes their facility available to community, government, and medical organizations to hold meetings and conferences. These groups must make reservations with our community engagement office and the facility must have security and/or the KHSC-KansasCOM sponsor on property.

² The institution does not have any student housing.

We attempt to maintain our facilities in a manner that minimizes hazardous conditions. Regular security patrols are conducted, and malfunctioning lights or other unsafe physical conditions are reported to the Director of Facilities for correction. In addition, KHSC-KansasCOM invites reports of physical hazards (e.g., a malfunctioning door, broken furniture, spills, plumbing problems, electrical problems, etc.). Contact Campus Security for support at 316-249-8755 to report facility issues.

Campus

The KHSC-KansasCOM Campus is located at 217 E. Douglas in Wichita, KS. The campus consists of five floors of a leased building (defined as Campus Property) where all classes are held. The campus geography extends out to the public sidewalks and to Chester E. Lewis Park (defined as Public Property) which visitors and students access to enter the main entrance.

Parking

KHSC-KansasCOM leases 200 spaces in an enclosed and HID card-controlled parking garage located to the southwest of the main campus at 222 E. Market Wichita, KS (defined as Campus Property) which includes stairwells, elevators, and vehicle entrances. The sidewalks bordering the building are included in our statistical reporting but are defined as public property. The main campus building is accessed through a skybridge (defined as Campus Property) from the parking garage to the building and entry is also controlled by HID card access.

KHSC-KansasCOM also leases 50 spaces of a surface parking lots (defined as Campus Property) located to the southwest of the main campus at William and Broadway streets Wichita, KS. This includes the sidewalks bordering the parking lot, and vehicle entrances to access the lot (defined as Public Property).

Campus Law Enforcement

KHSC-KansasCOM does not have an institutional campus police department but does have a Campus Security Department with a Director of Physical Operations & Security, and security officers which are off duty Wichita Police Officers. The Director of Physical Operations & Security patrols the campus, parking garage, and surface lot Monday through Friday 7:30am – 3:00pm CST. The off-duty Wichita Police Officers patrol the campus and parking lots Monday through Friday, 3:00pm-11:00pm CST and Saturday and Sunday, 9:00am-6:00pm CST. The off-duty Wichita Police Officers are certified Kansas Law Enforcement Officers, and all have the authority to arrest individuals. KHSC-KansasCOM works closely with the Wichita Police Department as local law enforcement. Although KHSC-KansasCOM does not currently have any agreements (including, but not limited to a Memorandum of Understanding) with the Wichita Police Department, they are the law enforcement agency for the City of Wichita and have the authority to report and investigate crime on the KHSC-KansasCOM Campus Property and Non-Campus Property when called by KHSC-KansasCOM security authorities.

Reporting a Crime/Suspicious Activity

It is the policy of the KHSC-KansasCOM Campus Security Department to encourage faculty, staff, and students to report all crimes and suspicious activity promptly and accurately to Campus Security and the appropriate police agency. Campus Security Officers are responsible for accepting disclosures of crimes and suspicious activity and reporting those crimes in the KHSC-KansasCOM Guardian Records management system for disclosure in the annual Clery Security Report. KHSC-KansasCOM maintains a campus security crime log which is available for public viewing, by contacting Campus Security at 316-249-8755.

Criminal activity and emergencies that have occurred on campus can be reported to the local authorities as well as to the Security Department at 316-249-8755, the Director of Student Affairs/Title IX Coordinator at 314-210-0663, or any trusted faculty or staff member. All cases or crimes, fires, or other emergencies in progress should be reported directly to local police or by dialing 911.

KHSC-KansasCOM also encourages accurate and prompt reporting of crimes when the victim elects to or is unable to make such a report. Victims of crime who do not want to pursue action within the institutional system or the criminal justice system, are encouraged to consider making a confidential report to the KHSC-KansasCOM Campus Security Department. Anonymous tips can also be left on the tip option of KHSC-KansasCOM SAFE, a security application downloadable wherever faculty, staff or students download apps. With the victim's permission, the Campus Security Department can file a report on the details of the incident without revealing your identity. In such circumstances, crime victims are encouraged to consider making a confidential report to one of the designated Campus Security Authorities. At a minimum, crime victims will have the option to receive valuable counseling and referral information.

Confidential reports are important because they provide valuable information that may enhance the safety of the community-at-large and they will, at least, provide a more accurate portrait of actual campus crime. The purpose of a confidential report is to comply with the victim's wish to keep the matter confidential, while taking steps to ensure the future safety other faculty, staff, and students. With such information, KHSC-KansasCOM can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the KHSC-KansasCOM community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime's statistics for the Institution. Anonymous crime reporting is not for emergencies. If you need to report an emergency, call 911.

Campus Security Authorities

KHSC-KansasCOM has designated Sean Wallace, Director of Physical Operations & Security; Jon Havner, Director of Facilities; Jennifer Gantz, Chief Financial Officer, Dr. Nick Palisch, Director of Student Affairs and Title IX Coordinator, Dr. David Ninan, Interim Dean and Chief Academic Officer, Dr. Rick Winslow, Associate Dean for Student Affairs & Services, Dr. Kimberly Long, Associate Dean for Academic Affairs, and Tori Phillippi, Manager- Board Affairs & Community Relations as the Campus Security Authorities, and they are responsible for coordinating disaster preparedness, maintaining fire alert and building security systems, reporting crimes to local authorities, and keeping campus safety records for KHSC-KansasCOM.

Emergency Response and Evacuation Procedures

Outside of emergency communications, KHSC-KansasCOM must provide a timely warning of Clery crimes reported to Campus Security and local police agencies in a manner that is intended to prevent similar crimes from recurring and to protect the personal safety of students and employees. KHSC-KansasCOM's timely warning messages are disseminated by the designated Communication Coordinators.

The decision to disseminate a timely warning will be made by the Campus Security Authorities on a case-by-case basis, considering all the facts surrounding the crime and the continuing danger to the KHSC-KansasCOM community. (The Campus Security Authorities can be found listed in this report above.) Crime alerts will contain a brief description of the incident; the date, time, and location of the incident; and precautions to take. The amount and type of information presented in the warning will vary depending on the circumstances of the crime. Significant criminal incidents that might elicit a timely warning include, but are not limited to, crimes of violence or patterns of property crimes.

Timely and accurate communication with the KHSC-KansasCOM community during a campus emergency is critical. Upon confirmation of a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees, the Security Authorities, aided by the designated Communications Coordinator will immediately notify the KHSC-KansasCOM community. Note that confirmation means that a member of the Campus Security Authorities has verified that a legitimate emergency or dangerous situation exists.

In consultation with the Campus Security Authorities, the Communication Coordinator will (1) determine the appropriate segment(s) of the KHSC-KansasCOM community to receive immediate notification as well as the appropriate segment for follow-up communication or notification, (2) determine the contents of the notification, and (3) initiate the notification system (RAVE and/or the KHSC-KansasCOM SAFE APP). Only the representatives explicitly authorized by the Campus Security Authorities may distribute public statements or comments on behalf of KHSC-KansasCOM related to any developing, unfolding, or resolved crisis scenario. The Campus Security Authority members can be found listed above in this report.

The Communication Coordinator is the only representatives explicitly authorized by the Campus Security Authorities to distribute prepared statements or comments on behalf of KHSC-KansasCOM related to any developing, unfolding, or resolved crisis scenario. The Communication Coordinator is Dr. Tiffany Masson Psy.D., President of KHSC-KansasCOM.

Key priorities of emergency communications will be:

- Providing timely status reports and announcements to the KHSC-KansasCOM community internal audience, which includes:
 - Employees, faculty, and staff
 - Students
 - Visitors
 - Groups using KHSC-KansasCOM facilities
 - TCS Education System ("TCS")

- Communicating accurate information to external audiences as determined prudent on a case-by-case basis to help prevent the spread of rumors and misinformation. External audiences may include:
 - Family and relatives of students, employees, faculty, and staff
 - Board of Trustees
 - Community-at-large
 - Neighbors

- Gathering information, reports, and recommendations on the status of the emergency as it evolves.

When doing so does not jeopardize life or property, the Communications Coordinator will consult with the TCS Chief of Staff and TCS Senior Director of Marketing and Public Relations about crafting crisis communications, especially non-emergency status notifications and any external communications to the public or media organizations.

KHSC-KansasCOM will issue said emergency notifications via KHSC-KansasCOM email and text message using the RAVE alert system and the KHSC-KansasCOM SAFE APP. The RAVE system and KHSC-KansasCOM SAFE APP distribution list is generated at the start of each new class during orientation. The list will include everyone's email addresses and phone numbers. Users must manually add their phone numbers. The lists are defined as: KHSC-KansasCOM faculty, staff, and students

If you desire to also receive a TEXT message on your cell phone, you will need to opt-in and list your cell phone number in the Rave Emergency Alert System. To expedite delivery of a potentially lifesaving communication, we encourage you to subscribe to the text message option by visiting: <https://www.getrave.com/login/tcsedsystem>.

KHSC-KansasCOM will, without delay, and considering the safety of the KHSC-KansasCOM community, initiate the notification system unless issuing such a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. KHSC-KansasCOM has requested cooperation from the local police department regarding informing KHSC-KansasCOM about any crimes that may warrant an emergency response.

Emergency Evacuation Procedures

In the event of an emergency that requires evacuating the campus, each level has a floor warden to coordinate evacuation. KHSC-KansasCOM floor wardens work with building security to direct the KHSC-KansasCOM community members to appropriate emergency exits and reconnoiter locations.

Emergency Notification and Evacuation Tests

Each year the campus participates in an annual fire drill and tornado drill. The annual fire drill and tornado drill are coordinated by the Campus Security Authorities and led by the Director of Physical Operations & Security and the Director of Facilities.³

³ There are no emergency drills to report for the prior year because the campus first opened to students in July 2022.

The RAVE Alert System and KHSC-KansasCOM SAFE APP will be utilized for emergency notifications KHSC-KansasCOM publicizes its emergency response and evacuation procedures by updating the procedures on the KHSC website and sending out an email with the link to the procedures to students and staff annually, in conjunction with the publication of this Annual Security Report.

KHSC-KansasCOM physical operations fire drill and tornado drill procedures are as follows:

- The tests are both announced and unannounced.
- Each floor of the campus has a floor warden, sometimes two, that assists with evacuation.
- The evacuation policy can be found on the Campus Safety Page of KHSC-KansasCOM website [here](#).
- Documentation of each test is maintained in the Guardian Records Management system.

Disclosure and Crime Statistics

Crime statistics will be requested, collected, and reported annually by the Director of Physical Operations & Security collected from the Wichita Police Department. Since KHSC-KansasCOM first opened to students in late July 2022, crime statistics were not collected and are not available for 2021.

Collection of Statistics for Campus Security Report

The Director of Physical Operations & Security is primarily responsible for gathering crime statistics related to the campus security report, identifying reportable crimes, and reporting/publishing statistics to the Department of Education, to the FBI, and to the public on behalf of KHSC-KansasCOM. The law enforcement agency with jurisdiction over the area in which the campus is located has been asked to provide crime statistics for campus and non-campus properties according to each location's appropriate reporting geography. Statistics are reported in different formats and categories depending upon legal requirements. Each set of statistics were used in the preparation of the crime statistics provided in this report.

KHSC-KansasCOM urges that all crimes be reported to the Campus Security Department and to the Title IX Coordinator. As noted above, the campus also surveys Campus Security Authorities including those with responsibility for controlling access to buildings or facilities and officials having significant responsibility for students or campus activities.

KHSC-KansasCOM reports arrests for liquor law, drug, and weapons violations occurring on campus or on off campus properties. A disciplinary referral will be reported if it is not otherwise reported as an arrest or crime.
